CUSTOM COURSE DEVELOPMENT

Whether your workforce supports people with intellectual and developmental disabilities, older adults in assisted living, or individuals receiving long-term services and supports, the same truth holds: well-trained staff drive better outcomes and fewer critical incidents. Our in-house production team designs custom, accredited eLearning courses on the exact health, safety, and compliance topics your organization needs — built for your population, your regulations, and your organization.

State IDD Agencies | **State Aging & Elder Affairs Depts.** | **MCOs & Health Plans** | **Large Providers — IDD, ALF, & LTSS**

01
Discover
Define your audience, regulations, and the behaviors you want staff to walk away with.

02
Design
Script, storyboard, and brand the course with your team's sign-off at every stage.

03
Produce
Add illustration, animation, professional voice-over, and knowledge checks.

04
Deploy
Launch on your LMS or ours, then track engagement and quiz performance.

Why Organizations Build With Us

- ✓ A team with a documented, multi-year track record producing training for state agencies and private providers alike
- ✓ Learning designed for real-world application — staff can act, not just recite policy
- ✓ One partner from instructional design through hosting. No LMS? We provide one
- ✓ Content stays consistent with your brand, your protocols, and your organization or state's requirements
- ✓ Engagement and quiz performance reporting so you can show competency, not just completion

What's Included
